Comments:

The Welding certification provides training in Blueprint reading, metallurgy, thermal cutting, thermal cutting plasma arc, thermal cutting oxy-fuel, thermal cutting carbon arc, welding math and measurement certification. Students will be prepared for AWS certification in SMAW, GMAW and GTAW and FCAW. Additional testing may be required for certification. These certifications will be gained by Lincoln Certification and American Welding Society. Students in the welding program also become forklift certified (FLS) as well as OSHA-10 certified.
