STATEMENT OF PHILOSOPHY
Students are provided opportunities for academic, personal and career growth in a student centered learning environment.

Elaboration: The Board of Trustees and the college administration are accountable to the public to provide for open admissions and accessibility through both traditional and non-traditional delivery systems.

Consistent with this philosophy, Pratt Community College supports the policy of open admissions believing it is critical to assuring a viable educational opportunity for all potential students. The policy will be administered to assure access to the college and all of its services. While Pratt Community College is an open admissions institution, selected programs and courses may require testing and/or prerequisites to ensure student readiness. Implicit in the college’s mission statement is producing graduates qualified to perform in their fields of study.
Therefore, open admissions provide the first step to qualifying entrance into a program of choice while recognizing varying abilities and backgrounds of students. Remedial and developmental study programs are used to bridge the gaps between students' preparation and course/program requirements. Quality instructional programs based on the assessment of learning outcomes provide the means for student learning and fulfilling educational objectives.

MISSION STATEMENT
The mission of Pratt Community College is maximum student learning, individual and workforce development, high quality instruction and service, and community enrichment.

DIVERSITY IN HIGHER EDUCATION
America’s colleges and universities differ in many ways. Some are public, others are independent; some are large urban universities, some are two-year community colleges, others small rural campuses. Some offer graduate and professional programs, others focus primarily on undergraduate education. Each of our more than 3,000 colleges and universities has its own specific and distinct mission. This collective diversity among institutions is one of the great strengths of America’s higher education system, and has helped make it the best in the world. Preserving that diversity is essential if we hope to serve the needs of our democratic society. Similarly, many colleges and universities share a common belief, born of experience, that diversity in their student bodies, faculties, and staff is important for them to fulfill their primary mission: providing a quality education. The public is entitled to know why these institutions believe so strongly that racial and ethnic diversity should be one factor among the many considered in admissions and hiring. The reasons include:

- Diversity enriches the educational experience. We learn from those whose experiences, beliefs, and perspectives are different from our own, and these lessons can be taught best in a richly diverse intellectual and social environment.
- It promotes personal growth and a healthy society. Diversity challenges stereotyped preconceptions; it encourages critical thinking; and it helps students learn to communicate effectively with people of varied backgrounds.
It strengthens communities and the workplace. Education within a diverse setting prepares students to become good citizens in an increasingly complex, pluralistic society; it fosters mutual respect and teamwork; and it helps build communities whose members are judged by the quality of their character and their contributions.

It enhances America's economic competitiveness. Sustaining the nation’s prosperity in the 21st century will require us to make effective use of the talents and abilities of all our citizens, in work settings that bring together individuals from diverse backgrounds and cultures.

American colleges and universities traditionally have enjoyed significant latitude in fulfilling their missions. Americans have understood that there is no single model of a good college, and that no single standard can predict with certainty the lifetime contribution of a teacher or a student. Yet, the freedom to determine who shall teach and be taught has been restricted in a number of places, and come under attack in others. As a result, some schools have experienced precipitous declines in the enrollment of African-American and Hispanic students, reversing decades of progress in the effort to assure that all groups in American society have an equal opportunity for access to higher education.

Achieving diversity on college campuses does not require quotas, nor does diversity warrant admission of unqualified applicants. However, the diversity we seek, and the future of the nation, does require that colleges and universities continue to be able to reach out and make a conscious effort to build healthy and diverse learning environments appropriate for their missions. The success of higher education and the strength of our democracy depend on it.

Designated dates for early enrollment are published throughout the year and are available in the Student Services Office.

A designated registration session is held each semester. All students are required to attend a registration session unless early enrollment and payment of tuition and fees have been completed. Registration dates are published throughout the year and are available in the Student Services Office.

Incomplete Registration

- All students, whether full-time or part-time, who are or will be pursuing a degree or certificate at PCC.
- Graduating high school seniors who will be entering PCC as regular degree or certificate-seeking students.
- High school students who have not graduated but plan to take any PCC course(s) while still enrolled in high school.
- All persons planning to take an English or mathematics course.

The requirement to take the ACCUPLACER test may be waived for the following categories of students:

- Non-degree or non-certificate seeking students who are taking courses deemed "self-improvement" or "recreational."
- Students who have completed the equivalent English and/or math course(s) with a grade of "C" or better from an accredited college or university and the official transcript is on file at PCC.
- Students who have completed an associate degree or higher from PCC or another accredited college or university.
- Full-time students at another college or university who are taking non-English or non-math courses at PCC.
- Students who have taken the complete ACT/ACCUPLACER at another college and whose official scores are on file at PCC.
- Students who have ACT scores less than 2 years old which meet PCC’s minimum course placement cut offs.

To avoid delays in the registration process, official ACT/ACCUPLACER scores and/or transcripts should be on file prior to advising/enrollment.

Writing, Reading and Numerical Skills
Students who score below the institutionally defined minimum score on the adopted placement instruments must:

- Complete the required developmental course(s) with a grade of "C" or better as early as possible in the student's program of study or,
- May retake the placement test and achieve the minimal score required for college level courses.

A reading deficiency should be addressed by enrollment during the first semester and continuous enrollment is needed until the required reading competency is achieved. Enrollment in further non-developmental course
Work will be allowed in succeeding semesters if a student has demonstrated continuous and satisfactory progress in basic skills within his/her first two semesters of enrollment in an approved program of study.

**Declaring a Major and Academic Advising**

Academic advising helps students realize the maximum educational benefits available to them by better understanding themselves and learning to use the educational resources of our educational institution. Each full-time or degree-seeking student who is admitted to PCC is required to declare a major. The Student Success Center assigns the student an academic advisor based on their declared major. If they are unsure about a major, they may choose liberal arts. They will be assigned an academic advisor or a vocational advisor based upon this information. If a student wishes to change their major or advisor, they may do so by obtaining a Change of Major/Advisor form from the Student Success Center. The student fills out the necessary information on the form, obtains the necessary signature and returns it to the Student Success Center.

Acting as the coordinator of the student’s educational experiences, the advisor can help the student define and develop realistic goals, identify special needs, find available resources, plan programs consistent with the student’s interests and abilities, monitor progress toward the student’s educational/career goals, and discuss the linkage between academic preparation and the world of work. In addition, the academic advising program at Pratt Community College gives the student the opportunity to establish a continuing, caring, and supporting relationship with a faculty or staff professional.

The final responsibility for planning a course of study and for fulfilling all requirements and regulations rests with the student. Advisors are provided to assist students in planning their academic program. They are not authorized to change established policies of the college. Students are solely responsible for assuring that their academic progress complies with the policies of the college. Any advice which is at variance with established policy must be approved by the Vice President of Instruction.

**Policy on Vocational-Technical School Credits**

Students enrolled at Pratt Community College may request that credits earned in a postsecondary area vocational-technical school be evaluated and converted to college credit. Credit will be granted in compliance with the Kansas Board of Regents policies pertaining to “Statewide Guidelines for Awarding of College Credit toward the Applied Science Degree to Students Who Have Successfully Completed Vocational Courses” and “Statewide Guidelines for Articulation between Kansas Community Colleges and Area Vocational Technical Schools.”

The credits will be evaluated by a committee that includes the Registrar, Vice President of Instruction and the instructor(s) involved.

**Advance Placement Courses**

The college accepts College Board Advance Placement courses. The student is required to have an official College Board Score Report mailed directly from the College Board to the Registrar. AP Courses will be posted on the student’s transcript at no additional cost to the student pending initial PCC enrollment and provided the score is 3 (qualified) or better on AP’s 5-point scale. Credit hours will correspond to the PCC equivalent course (see chart below). Course equivalency will be determined either by the Vice President of Instruction or the appropriate academic department. Advance Placement courses are not included in the student’s grade point average (GPA). Advance Placement courses posted on the student’s transcript will count toward degree requirements. It is important to note, upon transferring to another two-year college and/or four-year institution, a P grade for Advance Placement courses may be converted to the letter grade of C, which would potentially have a negative impact on the cumulative GPA. Students are encouraged to review Transfer Policies to determine how P grades will be transcribed upon transfer.
The following Advanced Placement Exams have been approved by Instructional Council for the equivalent credit lists:

Credit for Prior Learning/Experience:
Learning is a lifelong activity. Where it takes place at home, at work, or through an interest or hobby, people continue to learn throughout their lives. Many adults, who are now returning to or attending college for the first time, seek credit for this lifelong learning as a way to accelerate their progress toward a degree, diploma, or certificate. In response, a rising number of colleges and universities are conducting Prior Learning Assessment (PLA) to help these individuals earn college credit for their demonstrated learning as long as the learning meets the academic standards of college level. The Credit for Prior Learning program at Pratt Community College is based on the standards established by the Council for Adult and Experiential Learning (CAEL).

A key component of this is that the learning must be considered college level. If the level of learning is determined to not meet this standard then credit will not be awarded. To be considered college level learning is must be:
- Measureable and verified
- Be considered at a level of achievement consistent with students engaged in college studies
- Have a knowledge base that demonstrates practical and theoretical understanding
- Has a relationship to the learners degree goals

Methods for granting credit for Prior Learning:
1. Credit for Prior Learning Portfolio: A CPL portfolio is a compilation of written evidence that supports a student’s prior and experiential learning accomplishments in a specific subject area.

2. Vocational, Technical, & Professional Training: Training programs where learning is documented by employer, industry, regional, or national certification of completion. Employer provided training records detail specific training and objectives of training. Learners may be asked to perform certain tasks or create material related to the subject area.

3. Non-Collegiate: Credit can be recognized for certain types of specialized training. U.S. military service training records where college credit recommendations have been established by the American Council on Education (ACE). This will be evaluated by the Registrar.

4. Test Out Options: With this option students may be able to “test out” of the class to earn credit. This would be through the use of institutional challenge test (ex: classes mid-term or/and final) or through the nationally recognized College Level Examination Program (CLEP). This option may have limited availability.

5. Departmental Life Learning Paper: Departments may request that a student looking to earn credit may submit a paper and additional documentation to demonstrate adequate learning in a particular subject area. This will be determined by the subject matter expert.

CPL Policies and Procedures
1. CPL recognizes that college-level learning will occur outside the college classroom and that the institution must have a means of recognizing and evaluating that learning to grant credit to matriculated adult learners.

2. CPL Portfolio must address the learning outcomes of a course from Pratt Community College and align with the students educational goals

3. A portfolio must be submitted for academic area where credit is being requested. If request is for multiple content areas (i.e., business and automotive) than portfolio requirements (see pg. 3) must be met for each content area.
4. There is NO guarantee credit will be awarded for CPL submission. Work submitted must meet or exceed “C” level work to receive credit. Same applies for tests.

5. CPL is limited to no more than 30 credit hours.

6. The learning demonstrated must have academic equivalence of college-level learning. Anything deemed to be development/remedial/or courses numbered below 100 are not deemed at college-level learning and will not count for CPL credit.

7. Fee: Students seeking CPL will be billed a $250 processing/transcribing fee (this may be waived by administration).

8. Learners may be asked to revise their CPL submissions. Students will be allowed to revise once for each academic area they are seeking credit for and revisions should be re-submitted in two (2) weeks' time. If not submitted in this timeframe, credit will not be awarded. An extension may be requested, but no guarantee it will be granted.

9. Learners may appeal the denial of CPL credit by contacting the Director of CPL Assessment no more than one (1) week after credit has been denied. This appeal must be in writing (no email or text) and addressing why they believe they should have been granted credit. The CPL Director and faculty member will discuss appeal and additional information may be required from the learner. If denial stands, the learner may appeal to the Vice President of Instruction (also in writing) on the denial of credit. The learner will be informed in writing of the Vice President of Instruction’s decision. This decision is final.

10. Evaluations will be completed by full-time faculty or adjunct faculty that are subject matter experts in the area.

11. CPL is recorded as Credit for Prior Learning credit with the course/subject title and number of credits awarded. Grades will not be issues so it will not impact GPA. Credits will go towards degree/certification requirements.

12. Learners may request to have their credit transferred, but they should inquire with receiving school if they accept CPL prior to beginning the process.

13. The learner, evaluator, and CPL Director should avoid duplication of credit already earned through previous course work. The learner must submit transcripts for any other institutions attended to avoid this.

Portfolio Requirements
A portfolio is the main method for a student to demonstrate learning acquired outside of the traditional classroom or for participation in certification programs and professional development courses. It is a collection of information gathered by the student and presented in a systematic format that validates the experiential learning that has occurred. Each course for which portfolio credit is requested must be in the college curriculum and must be part of the student’s certificate or degree requirements.

Preparation and content of the portfolio is the responsibility of the student. A CPL advisor will assist the student in following the established procedures. Once a portfolio has been prepared, it will be assessed for the awarding of credit. A faculty or a subject matter expert will evaluate and determine if the student has provided sufficient documentation to demonstrate attainment of the learning outcomes and/or met the competencies of the course.

Portfolio Submission for Credit Guidelines
1. Cover Page and Table of Contents: Each portfolio will have a cover page identifying the portfolio and the learner who prepared it for credit. A table of contents listing the separate parts of the portfolio will also be included.
2. Request for Portfolio Credit: A short letter or locally developed form on which the learner will indicate the course(s) he/she is requesting for the awarded credit.

3. Narrative of Intent: This document should introduce the learner to the evaluator. It is a relevant but brief autobiographical presentation that ties together why the portfolio is being submitted and why the credit should be awarded. It is a general overview of what will be discussed in detail later.

4. Relevance: If general education courses are being requested for award, the learner must show how his or her life experiences relate to the request. If technical courses are being requested for award, the narrative will include the learner’s relevant work experiences and may include those life experiences relating to the request.

5. Course Requests: This portion of the portfolio will have a separate section for each course for which credit is being requested. Course competency statements and/or learning outcomes (provided to the student by the CPL advisor or by the instructional unit) should be the starting point for the development of this section. The learner then will describe how his or her learning relates to this specific course and how he or she has accomplished the competencies/learning outcomes expected of a person who successfully completed the course.

6. Documentation: Supporting documentation will be presented in the portfolio to support the learner’s request for awarding credit. The supporting documents will be of sufficient breadth and depth to validate the student’s stated learning and provide the evaluator with qualitative evidence for evaluation. Types of documentation includes:
   - Certificates of Training: Learners who have received training through non-traditional methods should provide a copy of a certificate of completed training, a lesson plan or training content (if available), dates of attendance, and/or other information showing what was taught. Evidence of evaluation may also be required (e.g., proficiency exam scores).
   - Portfolio of Works: Learners requesting awarded credit in some fields may have a portfolio of their work, which will support their request.
   - Demonstration of Competency: Some learners may request credit in courses that can only be evaluated after a performance of their skills.
   - Oral Interview: The evaluator may contact the learner for a verbal discussion of his/her portfolio as a supplement to the written information provided.
   - Awards and Honors: The learner may provide copies of any awards and honors directly related to the competencies.
   - Job Descriptions, Performance Evaluations, and Letters from Employers/Supervisors: These documents may be included to verify attainment of the competencies and/or learning outcomes for which the learner is seeking credit.

7. This list is not exhaustive and other supporting documents may be presented.

**Vocational, Technical and Professional Training Submission Credit Guidelines**

As noted above, training programs where learning is documented by employer, industry, regional, or national certification of completion can be submitted for evaluation for CPL. Employer provided training records detail specific training and objectives of training may also be submitted to strengthen case for credit. These records will be evaluated by content expert(s). Learners may be asked to perform certain tasks or create material related to the subject area by a content expert. Example: Auto instructor may ask learner to demonstrate ability to complete a tune-up on a vehicle.

**Non-Collegiate Submission Credit Guidelines**

Credit can be recognized for certain types of specialized training. U.S. military service training records where college credit recommendations have been established by the ACE. Comparisons between the training schools course description and ACE credit recommendation with college course description for equivalencies.
If the courses are found to be equivalent, the credit will be applied to a student’s transcript. Military educational and training credit can be transcripted through the Community College of the Air Force, or the Joint Services Transcript.

**Departmental Life Learning Paper Submission Credit Guidelines**

In lieu of the portfolio, departments may request students complete a life learning paper in which the evaluator provides a variety of topic areas that they wish to have the learner articulate there concrete experience(s), observation and reflections, understanding of theory, and application. This concept will be based on Kolb’s Model of Experiential Learning.

**Learner steps for seeking CPL**

1. Contact CPL Director to inquire about the program.
2. Set-up a meeting time to discuss CPL program and if this would be a good option to pursue (discussing cost, time, etc.) along with which method is best fit.
3. Contact faculty member to serve as evaluator for learner’s portfolio or departmental paper (Learner will also be in contact with faculty member).
4. Discuss portfolio/departmental paper process with learner and have them start collecting and creating required documentation for this process (approximately 30-40 days).
5. Review portfolio/departmental paper with learner to make sure it is in the proper format.
6. Present portfolio/departmental paper to faculty advisor (advisors may require some type of demonstration depending on department). Revisions may also be required.
7. Once faculty member signs-off on what credits will and will not be awarded it will then be sent to the CPL Director, Registrar, and Vice President of Instruction for final sign-off.
8. CPL Director will meet with learner to review the entire process.
9. Information is sent to registrar to place credit on learner’s transcript.

**Payment for Credit for Prior Learning Process**

Students seeking CPL will be charged a $250 processing/transcribing fee and are required to enroll in 6 credit hours with Pratt community College (these may be waived by administration). This is in accordance with CAEL guidelines. The rationale is to help ensure academic integrity and that students are not “buying credit.” Payment must be received in full and processed prior to issuing/releasing transcripts.

CLEP Scores online cannot charge for credit, but assessment services can be charge

**Payment for Credit for Prior Learning Process**

Payment for going through the Credit for Prior Learning Process will involve students enrolling in 6 credit hours with Pratt Community College (this may be waived) along with being charged $62 per credit hour that is being petitioned through CPL. This is in accordance with CAEL guidelines. The rationale for this is to make sure that the process is not a “buying credit” situation. Payment must be received in full and processed before the students transcripts will be released with awarded credit.

**College-Level Examination Program (CLEP)**

College credit may be awarded for each approved CLEP Subject Examination in which the student’s scaled score equals or exceeds the PCC’s Required Minimum Score. The required minimum scores, accepted subject examinations, and equivalent credit awarded are established by Instructional Council. The standards are published and are effective until replaced by new standards. Some subject examinations also require additional local examination components. CLEP General Examinations are not considered for the awarding of credit by PCC. Not all CLEP subject examinations are accepted, see list below of approved subjects.

The following CLEP exams have been approved by Instructional Council for the equivalent credit listed. Transcripts will indicate the course as a Credit by Exam course with a “P” grade. No letter grade will be assigned for courses taken through a CLEP exam. Any other CLEP exams not on this list will need to be reviewed and approved for transfer by Instructional Council prior to awarding the student credit.

Credit for Military Training
Students may earn college credit for experiences and training obtained during service in the military. Credit is awarded based on the recommendations of the American Council in Education Guide to Evaluation of Educational Experiences in the Armed Forces. The Vice President of Instruction must approve the award of credit. Students must submit appropriate military records and documentation with their application for credit. The student must have received an honorable discharge or be currently active to be considered to receive credit.

It is important to note, upon transferring to another two-year college and/or four-year institution, a P grade for CLEP may be converted to the letter grade of C, which would potentially have a negative impact on the cumulative GPA. Students are encouraged to review Transfer Policies to determine how P grades will be transcribed upon transfer.

Vocational-Technical School Credits
Students may receive college credit for study completed at a Kansas Area Vocation-Technical school. The credit awarded will be in compliance with PCC Policy 400-03.

Course by Arrangement
A course by arrangement may be established to provide students with learning experience not available in a regularly scheduled course. To apply for a course by arrangement, a student must complete the Course by Arrangement Contract and obtain permission of the instructor, the chairperson of the division originating the course, and of the Vice President of Instruction. The Course by Arrangement contract must be approved in writing by the Vice President of Instruction before the course begins.

The Course by Arrangement Record must be accurately completed to document student work and student-instructor interaction. Date and time detail must be reported for each session. The Record must clearly detail the date, time and location of the final examination.

All requirements of the Kansas Board of Regents guidelines for directed study must be met before the student is awarded credit.

Credit for Co-Curricular Work
Students may earn credit towards graduation through satisfactory participation in the coursework in the following; Show Choirs, Band, Choir, Weightlifting, Body Conditioning, Applied Ag Techniques I-IV, Athletic Conditioning I-IV, Technical Production, Theater Production and Varsity Athletics I-IV.

A student may elect to use up to four credit hours of these courses toward an occupational certificate and up to eight credit hours toward an associate degree. Credits are counted as electives in the student's program of study and do not supersede any of the program requirements. Students are advised that these credits may or may not transfer and may not meet required credit hours of study in some programs. Students are required to enroll for credit for every semester of participation in the listed courses.

Credit by Examination
A student may receive credit on the basis of a comprehensive examination in a course taught at Pratt Community College. When feasible, the designated instructor will be a full-time instructor on the faculty of the College. The Vice President of Instruction will designate the instructor and must approve the examination.

A special examination preparation and grading fee must be paid in advance. When feasible, the student may take the regular final examination in the course, provided that the instructor judges that examination is sufficiently comprehensive for this purpose. Otherwise, the examination may be taken at a time mutually convenient for the student and the instructor. If the outcome of the examination will affect the student's College program for the following semester, the examination should be scheduled early enough to be graded and reported to the student prior to registration for that semester.
Students may petition for an examination to determine whether they have acquired sufficient prior learning to be awarded college credit. The Petition for Credit by Local Examination form is available in the Office of the Vice President of Instruction. Courses with required lab, clinical, or field work are not eligible. Note: only a “P” or “F” will be posted on the transcript for credit by examination. Following the examination, students will be notified of the results. The students signature on the petition form verifies whether or not they want the College credit on their transcript. Students will be charged the current tuition rate (no fees).

Class Load:
Full-time students normally carry between twelve-to-eighteen credit hours per fall or spring semester or nine credit hours per summer semester. Students may take up to twenty credit hours per fall or spring semester or twelve credit hours during the summer session, upon approval of their academic advisor. Credit hours for Varsity Sports, Athletic Conditioning, and the P.A.S.S. program do not count toward the twenty hour limit. Additional credit hour enrollment must be specifically requested and approved prior to enrollment. This enrollment restriction has been established to prevent excessive enrollments that do not benefit students.

Students may petition the Vice President of Instruction to exceed twenty credit hours per fall or spring semester or twelve credit hours per summer session if the following criteria are met:
1. Have maintained a minimum cumulative grade point average of 2.80 for a minimum of sixteen college credit hours (transcript must be attached to the Overload Petition).
2. Show proof of good recent academic performance (transcript).

The request must be submitted on the Overload Petition that documents the student’s reasons for the special request. The petition must be signed by the academic advisor as well as the Vice President of Instruction. The Vice President of Instruction’s decision whether to grant the special permission will be based on the factors provided by the student and the recommendation of the student’s advisor.

Free Tutoring Center
Although instructors at Pratt Community College are readily accessible to their students, sometimes students need additional help. Students attending PCC have access to the Tutoring Center which is located in the Linda Hunt Memorial Library. Both peer and instructor tutoring are available for a variety of subjects. Individual appointments are not needed, and tutor schedules are posted in the library and around the campus. Tutoring services are free of charge.

Linda Hunt Memorial Library and Learning Resource Center
The mission of the Linda Hunt Memorial Library is to support and enhance the student, faculty, and staff of Pratt Community College [including all constituents] with a quality reference and information resource. These services sustain the associate degree, certificate programs, business/industry training programs, and continuing education programs creating an umbrella of social and interactive learning services.

The LRC/Library has a collection containing an assortment of volumes, including books, eBooks, audiobooks, VHS & DVDs and periodicals. Through the Pratt Community College web-page students access the State Library of Kansas database which supports student learning with a robust collection of resource tools. This facility is designed for research, study, as well as a place to ‘hang out’ with friends and work/project groups. Clubs and organizations are encouraged to use the facilities for meetings and activities. The library is located on the north end of the main building of PCC.

Library services include 26 computer work-stations plus free Wi-Fi, all of which may be used to access the Internet and on-line catalog system. Library services includes Windows 8.1 laptop checkout service, inter-library loan, printing, color-printing, and copier and fax machine, and scanning. The library service includes free tutoring during Fall/Spring academic school year. Books may be checked out by students and community members for three weeks at a time and may be renewed once. DVDs, periodicals (newspapers/magazines) and books marked “Reference” cannot be checked out. Assorted services include hot/cold beverages and candy are available for student purchase.
The library catalog is available on all library computers and by visiting prattcc.edu/librarycatalog

The Reference Resources tab also provides the following information:
- Job & Career Accelerator
- ProQuest Nursing & Allied Health
- Digital Book eLending
- Learning Express Library
- Academic Search
- Fuente Academica
- Cited Reference help: EasyBib.com (MLA), CitationMachine.net (MLA & APA), and Purdue Owl (The Online Writing Lab).

These electronic resources are at your fingertips 24/7/365.

There is a small charge of 5 cents per black and white copy for anything students print in the LRC. There is a charge of 50 cents per page for color copies and 25 cents for faxing. Copier is 10 cents. Students are responsible for the cost of replacement of material if it is lost or damaged.

Academic Honesty
Students at Pratt Community College are expected to demonstrate honesty and integrity as they work to complete their academic requirements. Students must refrain from cheating, plagiarizing, misrepresentation, or other acts of academic dishonesty.

Students engaged in academic dishonesty may be disciplined by their instructor. The discipline may involve the following action: recording a zero grade for a paper or exam, deducting points or letter grades, requiring repetition of work or exam, or failing the course. Instructors are required to file an Incident Report for each incident of academic dishonesty that identifies all students involved and the actions taken. Additional disciplinary sanctions including academic probation, suspension, or expulsion from college may be imposed by administration.

Students charged with academic dishonesty have the right of appeal of any action or decision and are assured of due process by the college. The Academic Due Process outlines the time restraints and procedures to be followed in exercising an appeal. It can be found in the policies section of this handbook. A student who files an appeal will be allowed to attend the course in question until a final decision is rendered. A student has the right to select a designated representative to assist in the appeal process, if desired.

ETS Proficiency Profile, WorkKeys Exam
All Associate in Science, Associate in Arts, and Associate in General Studies degree graduates are required to take the ETS Proficiency Profile exam during the last semester of attendance prior to graduation. Students who fail to sit for the exam will not receive their diplomas until the exam has been taken. The ETS Proficiency Profile test is used as one measure to assess students’ competency levels in the foundational skills: reading, writing, mathematics, and critical thinking. The ETS Proficiency Profile scores will become part of the students’ permanent records.

All Associate in Applied Science degree graduates and those who meet the requirements for certificates are required to take the ACT WorkKeys exam. The WorkKeys exams measure the level of basic skills that are deemed necessary for success in the workplace. Score levels will become part of the students’ permanent records.

All Associate in Applied Science in Nursing degree graduates are required to participate in the exit examination program as a condition of graduation. Because of the nature of the nursing degree, nursing graduates are required to take a portion of the ETS Proficiency Profile exam and a portion of the WorkKeys test. These scores will become a part of the students’ permanent records.
College Wide Attendance Policy
Students are expected to attend all classes, laboratories, shop sessions and other scheduled class activities and have full responsibility for accounting to their instructor for any absence. Make-up work will be provided when prior arrangements have been made for the absence with the instructor. Make-up work may be allowed at the discretion of the instructor for absences without prior arrangement. Students missing three or more unexcused class periods from the first day of class may be withdrawn from the course by the instructor.

This policy applies to regular session classes. Attendance policies for short term, mixed term, hybrid, and online classes will differ. Attendance policy for these classes will be included in all individual class syllabi.

Both the College-Wide Attendance Policy and any instructor attendance policy shall be included in each class syllabus for regular session classes.

Grading System
Course grades at Pratt Community College are earned by students and awarded by faculty. Upon completion of the class the instructor certifies all final course grades on the official grade roster according to the time-line established by the Registrar.

The final course grades awarded by faculty are based on the work and grades earned by students through the official end-date of the course. No grading consideration can be given for late work that has not been received and graded prior to the completion of the final grade roster.

Under exceptional circumstances as outlined below, an instructor may issue an "I" grade that provides the student with additional time to complete course work before her/his course grade is calculated and posted on the student's transcript. The "I" grade is the only institutionally approved method of allowing students to submit work for grade consideration following the official end-date of the class.

Grade changes can only be made by the instructor with the approval of the Vice President of Instruction or through successful appeal through the Academic Due Process.

Pratt Community College awards one of the following grades to each student officially enrolled in each course:
- **A**: Excellent achievement, course outcomes standards met, credit given, four grade points per semester hour.
- **B**: Above average achievement, course outcomes standards met, credit given, three grade points per semester hour.
- **C**: Average achievement, course outcomes standards met, credit given, two grade points per semester hour.
- **D**: Below average achievement, course outcomes partially met, credit given, one grade point per semester hour. A student who receives a "D" grade should strongly consider repeating the course in an effort to achieve a stronger outcome. Many courses require "C or better" grade in prerequisite course work.
- **F**: Failing achievement, course outcomes and/or participation requirements not met, zero credit given, zero grade points calculated per semester hour.
- **I**: Incomplete, zero credit given, zero grade points per semester hour. Temporarily recorded as a grade when the instructor of the course determines that the student should be granted an extension of time to complete the course work. Typically this extension is granted only for circumstances beyond the student's control. The incomplete grade is not intended for use to extend time because the student failed to complete course work during the officially scheduled class dates. To issue an "I" grade, the instructor must process an Incomplete Grade Contract that includes the plan and approved time-line for completion of the course. The contract may provide for extended time up to a maximum of one semester. At the date specified, or after one semester from the date of issuance, an "I" grade automatically converts to an "F" grade unless the instructor has previously awarded another letter.
grade. When the grade is changed from an "I", it is included in the student's grade point average calculation.

- **W**: Withdrawal, zero credit, zero grade points per semester hour. This grade is automatically given when a student officially withdraws from a course not later than one week after the mid-term of the class. No student initiated withdrawals are permitted after 75% of a course is completed.
- **P**: Passing work, credit given, zero grade points per semester credit hour. This grade is not included in the grade point calculation. This grade may only be used if the instructor has received permission from the Vice President of Instruction prior to offering the course. The request to take a course on a Pass/Fail basis must be made before the course begins.
- **AU**: Audit, zero credit, zero grade points per semester hour. A student must receive permission of the course instructor and the division dean to audit a course.

**Administrative Dismissal**

A student may be dismissed at any time for violation of the Pratt Community College’s Code of Conduct, failure to meet financial obligations, or failure to meet academic standards and college standards. A student who is administratively dismissed will receive a grade of F in classes that have certified, will be dropped from classes that have not been certified and the administrative dismissal will be noted on the official transcript. Students have the right to appeal by following the established Academic Due Process Procedure as stated in the current College Catalog.

**Mid-Semester Report**

By a designated date near the mid-term of the fall and spring semesters, instructors calculate each student’s mid-semester grade which is intended to be a progress report. The mid-semester grade does not necessarily reflect 50% of the final grade of the class. Mid-semester grade reports are not normally provided for summer or short-term classes. It is the student’s responsibility to seek desired feedback concerning graded work and performance.

**Grade Appeals:**

Final course grades are to be awarded as per the criteria established in the course syllabus. If the student believes a grading error has been made, they have 120 days from the end of the semester to appeal and must follow the established Academic Due Process as printed in the current College Catalog.

**Academic Probation and Dismissal**

If a student's grade-point-average falls below 1.5 for any semester or if the cumulative GPA falls below that shown in the Financial Aid and Costs section of the College Catalog, a student is considered to be doing probationary level work. After one semester of unsatisfactory work, a student is placed on academic probation with the expectation that grades will improve the following semester. A student on probation may be dismissed at any time for failure to attend classes regularly or for failure to make satisfactory academic progress. Students performing probationary level work will be informed of such status by letter. Students who are placed on Academic Probation for two subsequent semesters are to be marked as being academically dismissed if they have not shown improvement during the second semester of their probation. Student transcripts will be marked to indicate "Academic Probation" or "Academic Dismissal." A list will be forwarded to the Vice President of Instruction for dismissal/action. A student who is suspended will not be readmitted without written permission from the Vice President of Instruction.
Repeating a Course
Students may repeat a course. Each grade is recorded on the student’s transcript. Repeated course(s) will have brackets around the grade. Previous grades are not used in grade point or credit earned calculations. The latest grade earned is used even if it is a lower grade than earned in previous attempts.

Courses designed for multiple enrollments may be repeated with the multiple grades recorded and used in grade point average and credit earned calculations.

Final Examinations:
Final examinations will be given according to the schedule of examinations distributed by the Vice President of Instruction each semester. All classes must meet at the time and place designated by the final examination schedule unless an exception has been approved in writing by the Vice President of Instruction. Short-term class finals will be scheduled per department. Final examinations are expected to be a rigorous assessment of the student learning expectations of the class. Alternatives to traditional examinations such as project or portfolio presentations, oral reports, etc. shall be approved in advance by the appropriate division chair. Instructors are to ensure final examinations and/or alternative instruments require students to utilize all, or most, of the time scheduled.

Students are expected to take the final exam at the scheduled time. Only true emergencies will be considered for exception. **Students are not to make any arrangements (including travel) that conflict with the final exam schedule.** Students who have three or more consecutive exam periods on the same day may request a special exam schedule by contacting the Vice President of Instruction by the deadline noted on the final examination schedule which is available online.

Requirements for Graduation:
Graduation requirements for all students enrolled in PCC associate degree and certificate programs are listed in the current edition of the PCC College Catalog and online. The degree requirements must be successfully completed for the academic year when the student first became a full-time student or when a part-time student earned more than 15 credit hours from PCC. A student who fails to earn credit from PCC for two or more consecutive semester must meet the requirement of the catalog for the year of their return. The summer session does not count as a semester for catalog compliance purposes.

A post assessment examination such as ETS Proficiency Profile or WorkKeys is required of every graduating student.

Candidates for graduation must have earned at least 15 credit hours from PCC. To be eligible for graduation, a minimum cumulative GPA of 2.0 is required.
Academic Awards
The following honor and awards will be recognized at Pratt Community College:
President’s Honor Roll 4.0
Dean’s Honor Roll 3.5-3.99

Graduation Honors
***Summa Cum Laude – With Highest Academic Distinction (GPA 3.90-4.0)
**Magna Cum Laude – With Great Academic Distinction (GPA 3.75-3.89)
* Cum Laude – With Academic Distinction (GPA 3.5-3.74)

A minimum of 24 credit hours of courses deemed eligible for graduation must be taken through Pratt Community College in order to qualify for Summa Cum Laude, Magna Cum Laude, and Cum Laude honors.

Degree Requirements for Major and Transfer
Degree requirements apply to all students who will receive a degree, regardless of their major. For the Associate in Arts and Associate in Science Degrees, certain courses in the major area are highly recommended in order to stay on track for a bachelor degree program in that major area. Associate in Applied Science and Certificate programs of study are listed in the catalog and should be followed. Special assistance in course selection will be provided by a designated advisor.

Each student’s advisor and the Registrar will assist students in determining the specific courses needed for the chosen major. All transfer students should establish contact as early as possible with the institution where they plan to earn a bachelor degree. The Registrar can recommend a reliable contact at each of the six state universities and at most of the private colleges in Kansas. Advisors maintain close ties with their departmental counterparts at other colleges and universities. However, it is the student’s responsibility to select a major and to see that the major courses, electives and other variable requirements for the bachelor degree are met.

Exception to Degree Requirements
A student who provides evidence that the institution where he or she plans to complete a bachelor degree has degree requirements which are in conflict with the degree requirements of Pratt Community College may petition for a waiver of PCC requirements in the Office of the Registrar.

Many students who attend Pratt Community College intend to transfer to a four-year university. These students are strongly advised to begin narrowing their choices of four-year universities as soon as possible. Universities and most major departments within universities have their own specific degree requirements. PCC works closely with all six state universities in Kansas to help ensure general education courses will be accepted with no loss of credit. This does not, however, diminish the responsibility that the student has to be familiar with degree requirements at the four-year institution and to take the appropriate courses toward those requirements.

Degree Audits
Degree Audits are an official record of a student’s graduation status that indicates the courses completed by the student and the courses needed by the student to graduate. A Degree Audit is an essential record of the student’s progress. Students should complete a Degree Audit Request form on the PCC website at the beginning of each semester after they have completed 25 to 30 hours of college credit. A copy of the degree audit is to be kept in the student’s digital file.

Academic/Attendance Alerts:
Academic/Attendance Alerts are an early indication that students are having difficulties meeting course requirements. Experience has shown that early contact with struggling students is critical for student success. Academic/Attendance alerts are generated at the discretion of individual instructors. The Academic/Attendance Alert form can be obtained either from the PCC intranet site (online forms) or from the Student Success Center. Academic/Attendance Alerts are distributed to the student, advisor, coach, or activity sponsor and other key stakeholders with a need to know.
Transfer Information
Students needing college transfer information should contact the Office of the Registrar for assistance.

Transfer Agreement and Articulation Guide
The transferability of course work from Kansas public community colleges to Regents universities is governed by the Transfer Agreement and Articulation Guide. The current Agreement was approved by the Board of Regents on February 16, 1989, and signed by the presidents of the Regents universities and the public community colleges. The Transfer Agreement and Articulation Guide is a revision of an agreement which was originally signed in 1975.

Complaints are occasionally expressed that community college transfer students "lose credits" when they transfer to a Regents university. However, legislative post-audits in 1980 and 1986 confirm that students lose very few credits in the transfer process.

The 1989 Transfer Agreement and Articulation Guide states that transfer students who have earned an Associate of Arts or Associate of Science degree from a Kansas public community college will automatically be given junior status and will have completed the general education requirements at the Regents University which receives them for the pursuit of the baccalaureate degree. The revised Agreement states that transfer students must earn 45 credit hours in general education course work.

The Agreement contains 10 points of clarification which define terminology and identify those program areas where problems are likely to continue. These points should be helpful to advisors and transfer students as they plan a student's course of study toward the baccalaureate degree.

A student who completes an Associate of Arts or Associate of Science degree based on a baccalaureate-oriented sequence at a state and regionally accredited Kansas public community college and whose program of studies has met the requirements of the Kansas Public Community College-Kansas Regents Transfer Agreement and Articulation Guide will be accepted with junior standing and will have satisfied the general education requirements of all Regents universities.

This voluntary commitment reaffirms the intent to cooperate with sister colleges and universities in matters of student transfer and articulation for the ultimate benefit of all transfer students in the State of Kansas.

POINTS OF CLARIFICATION
This Agreement applies only to Associate of Arts and Associate of Science degree transfers from state and regionally accredited public community colleges in Kansas. The agreement does not include transfers from non-accredited community colleges or any other colleges.

Transfer students accepted for admission at Kansas Regents universities with the Associate of Arts or Associate of Science degree will automatically be given junior standing with the understanding that:
- Each receiving institution has the right to determine admission standards to the various majors in their institutions.
- Transfer students are subject to the same institutional assessment policies and procedures as resident students of the receiving institution.

General education is defined as follows:
General education provides students with facility in the use of the English language and a broad intellectual experience in the major fields of knowledge. It insures that each graduate will have experienced some of the content, method and system of values of the various disciplines which enable humanity to understand itself and its environment at a level of abstraction beyond that found in secondary school studies.
Although the following distribution of courses does not correspond to the General Education requirements at any Kansas Regents institution, it will be accepted as having satisfied the general education requirements of all Kansas Regents universities.
A minimum of 45 credit hours of general education with distribution in the following fields will be required. General education hours totaling less than 45 will be accepted, but transfer students must complete the remainder of this requirement before graduation from the receiving institution, which may require an additional semester(s).

12 hours of Basic Skills courses, including:
- 6 hours of English Composition
- 3 hours of Speech Communication
- 3 hours of college level Mathematics (statistics will be required of transfer students where university curriculum requires it)
- 9 hours of Humanities courses from at least three of the following disciplines: Art, Theater, Philosophy, Music, History, Literature, Performance courses are excluded.
- 9 hours of Social and Behavioral Science courses from at least three of the following disciplines: Sociology, Psychology, Political Science, Economics, Geography, Anthropology
- 9 hours of Natural and Physical Science courses from at least two disciplines (lecture with lab).
- 3 hours of Lifetime Fitness and Health, which includes one lecture course and one physical activity course.
- 3 hours of Computer Skills

Transcripts of students fulfilling the requirement of this agreement will be appropriately coded by the sending institution.

Other associate degrees and certificates may be awarded for programs which have requirements different from baccalaureate-oriented sequences or a primary objective other than transfer. Students in such programs wishing to transfer to Kansas regents universities are to be considered outside of the terms of this agreement. Students attempting to transfer into Technology, Engineering and Architecture programs are considered outside this agreement. It is recommended that 2 + 2 and 2 + 3 arrangements be developed for the above programs of study.

Acceptance of course credit for transfer from such programs will be determined by the receiving institution on the basis of application of the courses to the baccalaureate program in the major field of the student. Each institution will define its own graduation requirements. Foreign language requirements are viewed as graduation requirements and not as general education requirements for purposes of this agreement.

A transfer student may be required to take freshman or sophomore courses to meet particular requirements or course prerequisites of a given major or minor.

Transfer students preparing for teacher certification must meet the general education requirements as outlined by the State Board of Education. Teacher certification requirements have been incorporated into the degree requirements of Kansas Regents universities.

The spirit of the Agreement indicates that transfer students are to be judged academically in the same way as non-transfer students.

**Graduation Requirements for the Associate Degree**
For a student to be a candidate for graduation and to have his/her name on the commencement program, the student must file an application for graduation. A candidate should enroll in a sufficient number of hours to total 64 by the end of the summer session. Students must have a minimum of 2.00 cumulative grade point average for graduation. Cumulative grade point average is calculated only for those credit hours taken through PCC.
The student's diploma will bear the same date as commencement exercises each year. A student who has applied for graduation must complete the graduation requirements within the same calendar year or must re-apply.

Although faculty advisors and department chairpersons assist in checking degree requirements, the student is responsible for meeting graduation requirements, completing a graduation degree check with the Office of the Registrar, and making application for graduation.

Schedule adjustments and deviations from the general requirements will be permitted by the Office of the Registrar and Vice President of Instruction for students following a prescribed curriculum for transfer to a particular transfer college. However, the student must demonstrate the need.

Programs of Study
Degree specifics are available online in the college catalog at www.prattcc.edu.

The Associate of Applied Science degree program is to prepare the students to enter an occupation or a closely related cluster of occupations after two years of full-time study. It is a technical or occupational degree program. Students seeking an Associate of Applied Science Degree must major in an occupational program of study. PCC holds certification as an area vocational school, and thus the programs consist of courses which are accredited as college level credit, but are also recognized as fulfilling the competency based requirements of vocational training schools.

The Associate of Applied Science in Technical Studies enables a student to design an individualized program of study to fulfill a unique career goal that cannot be met through the completion of any single technology program offered by the College. Students completing this degree must complete a minimum of 15 credit hours from at least two technical disciplines with a technical focus directly related to the student’s career objective. Students wishing to complete the AAS in Technical Studies will develop an individualized course of study through a structured advising process with faculty and college counselors.

The Associate of Arts degree prepares a student to transfer into a Bachelor of Arts or most Bachelor of Fine Arts degree programs. The emphasis is on liberal arts and general education, including a multi-cultural course. College majors which typically may lead to Bachelor of Arts degree are English, Humanities, Foreign Language, Philosophy, and sometimes History and Fine Arts. Colleges which award Bachelor of Arts and Bachelor of Fine Arts degrees will specify which majors qualify for this degree.

The Associate of Science degree at Pratt Community College is designed for students who wish to transfer into a Bachelor of Science degree program. The Associate of Science degree emphasizes a broad array of general education, including natural science, social science, communication, and mathematics.

The Associate Degree in General Studies (AGS) is a degree option for a variety of students. While the Associate of Arts (AA) and the Associate of Science (AS) degrees better prepare students for transfer to university study, the AGS aligns with the Bachelor of General Studies (BGS) degree offered by most universities. Student who do not plan to pursue a baccalaureate degree and are not interested in obtaining an Associate of Applied Science (AAS) degree may choose the AGS option. The AGS degree may be appropriate for students who wish to explore various career options before narrowing their study to one major field.

Occupational Certificates are designed to prepare persons for entry into occupations or closely related clusters of occupations. A certificate may be awarded upon satisfactory completion of a planned program, including the demonstration of the attainment of predetermined and specified performance standards. The courses are based in theory and are of such complexity, rigor and theory as to be acceptable as college credit. Most certificate programs are designed to allow a full-time student to complete a program within one academic year.
Pratt Community College provides programs of instruction consisting of college credit courses that are designed to prepare persons for entry into occupations or closely related clusters of occupations. A certificate may be awarded upon satisfactory completion of a planned program, including the demonstration of the attainment of predetermined and specified performance standards.

**Financial Aid and Costs**

**Financial Aid**
The administration, faculty, and staff at Pratt Community College believe in quality education. They also realize that financial assistance is necessary to make education possible for many students. More than $200,000 is available annually in academic scholarships through the PCC Foundation. The following information is intended as a brief overview of the types of financial aid available. Detailed information may be obtained from the Financial Aid Office.

**Schedule of Tuition and Course Fees**
NOTE: All amounts are subject to changes in the policies of the Pratt Community College Board of Trustees, the Kansas State Board of Education, the Kansas Board of Regents, and the Kansas State Legislature.

**Tuition and Fee Costs** are available on the college website at: [www.prattcc.edu/cost](http://www.prattcc.edu/cost).

**Tuition and Fee Payment Policy**
All students are required to pay in full all charges for tuition, fees, room and board or set up a payment plan by the beginning date of classes. Those students eligible to receive federal financial aid (Pell Grant, FSEOG Grant, student loans) and for whom the college has received all required documents for financial aid prior to August 1 will be required to pay only the difference between the amount awarded and the amount due by the beginning date of classes. Students that have not returned and/or completed required documents, including verification, by August 1 must pay in full or sign up for a payment plan. The college accepts all major credit cards including Visa, MasterCard, Discover, and American Express. A late processing fee of $100 will be assessed if all financial aid paperwork is not completed by August 1.

Students without financial aid in place will be required to set up an online payment plan or pay in full to be able to move into residence halls or attend classes.

**Payment Plan**
A payment plan is available and requires that you have a credit card or a bank account. If you elect to set up automatic monthly payments there is a charge of $35. Payments can be set up over a period of two to five months and a down payment of 0 to 25% is due at the time you sign up. The Payment plan options available are dependent upon when the payment plan is established. More information is available at prattcc.edu/financial aid.
Students Not Receiving Federal Financial Aid
Refunds will be calculated and disbursed to eligible students who officially withdraw from classes. An eligible student is one who has paid all charges by cash, check or credit card. Official withdrawal is defined by the date the withdrawal form is picked up from the registrar. Refunds will be made to eligible students within twenty (20) working days of the official withdrawal date. The date the withdrawal form is filed with the cashier or off-campus director will determine the percentage of refund due. Add/Drop forms are available in the office of the Registrar.

Full-time students (Enrollments of 12 hours or more):
- One full week after first class period = 100% refund of tuition and fees on classes
- After first week = No tuition and fee refund.
- Classes of less than seventeen weeks: No refund will be given after attending a class session and a drop fee applies.

If personal circumstances warrant exceptions from the published tuition and fee refund policy, a student may seek a written waiver.

Financial Aid Refunds
Any financial aid amounts above the student’s charges at PCC will be refunded by the 60th day of classes. Students have the option to receive financial aid refunds by automatic deposit or a check by filing paperwork with the Financial Aid Office.

Scholarships covering tuition are limited to a maximum of 18 credit hours per semester, excluding athletic scholarships, performing arts, and rodeo which cover up to 21 credit hours (if they are enrolled in the PASS program). Full tuition and books scholarships do not cover fees or room/board and must be paid by the student.

Nursing students will need to complete a separate scholarship application which is available at http://prattcc.edu/financial-information-nursing/nursing-scholarship.

Federal Financial Aid Programs
Federally financed educational assistance programs are determined on the basis of income and assets of both the parents and the student. The family contribution is determined by considering the adjusted gross income, the number of dependents, other children in college, etc. Assets considered include, but are not limited to, the student’s savings and the parents’ savings, bank accounts, and other investments. The difference between the reasonable cost of attending college and the reasonable amount the parents and students can provide is called NEED and is the amount that the Financial Aid Office will endeavor to provide from one source or a combination of sources. The student should submit a Free Application for Federal Student Aid (FAFSA) to determine the reasonable expectation of what the student and parents can contribute. The FAFSA is available online at www.fafsa.ed.gov. The federal school code for PCC is 001938. The FAFSA application opens October 1 for the following academic year.

How to Apply for Federal Financial Aid
Application procedures for students applying for the PELL Grant, Supplemental Educational Opportunity Grant, Work Study and Federal Student Loans are as follows:
- Complete the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov.
- Provide official high school transcripts and official transcripts from any and all prior colleges.
- Check with the financial aid office or your student portal as more documents could be requested.

Financial Aid Deadlines
In order to provide efficient student service and receive timely payment of tuition, fees and other charges, Pratt Community College requires students to complete the financial aid package by August 1. After August 1, a late fee of $100 will be assessed to the student. The financial aid will then be applied to the student’s outstanding bill; any amounts still due must be paid by the first day of classes or have a payment plan in place, see page 33 for more information. If the student has additional funds after all authorized charges have been paid, he/she will be given a voucher for books up to the amount of the remaining funds.

Any refund due will be made by the 60th day of class when financial aid is distributed. Failure to pay will result in the administrative withdrawal of that student unless waived by the Vice President of Finance and Operations because of a documented hardship.
Financial Aid Eligibility Requirements
To be eligible to receive aid, a student must meet the following requirements:

- Have an official high school diploma, a GED
- Be enrolled as a regular student in an eligible program. A regular student is one who is enrolled in an institution to obtain a degree or certificate. An eligible program is a course of study that leads to a degree or certificate at a school that participates in one or more of the student aid programs described.
- Be enrolled in at least 3 credit hours to receive PELL grants, and at least 6 hours to receive student loans
- Be a U.S. citizen or eligible non-citizen. Check with the Financial Aid Office for categories of eligible non-citizen.
- Make satisfactory academic progress.

Federal Pell Grant
The Federal Pell Grant program awards money to eligible undergraduate students. Unlike other Federal financial aid, the Federal Pell Grant Program does not need to be repaid. Pell Grants are needs-based grants that are intended to provide low-income students access to post-secondary education. Grant amounts are determined by the students' expected family contribution (EFC), the cost of attendance, whether the student is full- or part-time and whether or not the students attends a full academic year.

Federal Supplemental Education Opportunity Grants (FSEOG)
The Federal Supplemental Education Opportunity Grant (FSEOG) program provides funds for undergraduate students who demonstrate exceptional financial need. FSEOG is similar to the Federal Pell Grant Program, in that funds awarded do not need to be repaid. Grant amounts are issued between for $100-4,000 per year for eligible students, based on financial need and funding provided by the Department of Education at the student's school.

The William D. Ford Federal Direct Loan Program
The William D. Ford Federal Direct Loan (Direct Loan) Program is the largest federal student loan program. Under this program, the U.S. Department of Education is the lender. Federal Direct Loans usually have lower interest rates and have more flexible repayment options than loans from banks or other private sources.

Students must be enrolled and attending at least 6 credit hours per semester to be eligible for Federal Direct Loans. Before students borrow a federal student loan, it is important to understand that a loan is a legal obligation that the student will be responsible for repaying with interest. The student may not have to begin repaying their federal student loans right away, but the student does not have to wait to understand the student’s responsibilities as a borrower. Please visit the Federal Student Loan website at www.studentaid.ed.gov for additional loan information. For repayment calculator please visit www.studentloans.gov.

Pratt Community College requires the student to complete a FAFSA before certifying all loans. Entrance Counseling and a signed Master Promissory Note (MPN) are a requirement under the federal default-reduction regulations before disbursing the loan funds. Please complete at www.studentloans.gov.

Exit Counseling is required shortly before the student borrower ceases at least half-time study at Pratt Community College. This includes graduates and transfer students. Please complete at www.studentloans.gov.

Direct Subsidized Loans
For undergraduate students who have financial need; US Department of Education pays the interest while the borrower is in school and during grace and deferment periods; the institution determines the amount the student can borrow, and the amount may not exceed the student’s financial need; first time borrowers may not receive this type of loan for more than 150% of the length of their program of study; US Department of
Education may stop paying interest if a student who received Direct Subsidized Loans for maximum period continues with enrollment.

**Direct Unsubsidized Loans**

For undergraduate, graduate, and professional students; financial need is not required; borrower is responsible for all interest.

**Direct PLUS Loans**

For parents of dependent undergraduate students and for graduate and professional students; borrower is responsible for all interest; financial need is not required.

For additional information please visit the Studentaid.gov/plus website.

**Preparatory Coursework**

Preparatory coursework loans allows a student to attend Pratt Community College and receive a Direct Loan for a maximum of one consecutive 12-month period to take pre-arranged program coursework required for admission to another college or university. Federal provisions limit the amount of Direct Subsidized & Unsubsidized loans students may borrow each academic year.

The limits outlined below do not apply to Direct PLUS loans for parents.

These amounts are based on full time enrollment status and all federal aid may not exceed the school’s budget or cost of attendance. The interest rate for a William D. Ford Direct Loan is variable, and is adjusted every July 1, and will be set by Congress. Loan funds are to be used towards education related expenses.

Most federal student loans have loan fees that are a percentage of the total loan amount. The loan fee is deducted proportionately from each loan disbursement the borrower receives. This means the money the student receives will be less than the amount actually borrow. The student is responsible for repayment of the entire amount borrowed. Please borrow responsibility.

**Federal Work-Study Program**

The Federal Work-Study Program is considered self-help and provides jobs for students who wish to earn a portion of their college expenses, while gaining practical work experience. At Pratt Community College, a student will normally be employed for one academic year (August through May) and summer employment (June and July) may also be available. The Work-Study positions may be located on or off campus, and the pay rate is at least the current Federal Minimum Wage. The scheduled hours may vary according to the job position. The student and their supervisor are expected to cooperate in ensuring that the student does not work...
more than the contracted hours. Failure to stay within the contracted hours may bring about a department without assistance of a Work-Study student.

**Satisfactory Academic Progress**
To establish and maintain eligibility for federal student financial aid at Pratt Community College, the student must meet satisfactory academic progress (SAP) standards. Federal regulations require that a student make satisfactory academic progress toward an eligible degree, certificate, or transfer program leading to a bachelor’s degree. To comply with this regulation, the following SAP standards have been established.

SAP evaluation will occur prior to being awarded and at the end of each enrolled semester, including summer. All prior institution transcripts must be on file before financial aid can be awarded. Evaluation is based on cumulative Pratt Community College and transfer credit course work as appearing on the student’s official academic transcript from accredited institutions. (Note: Clock hour programs are computed as credit hours for SAP purposes.)

The three SAP standards are evaluated by the following criteria:

1. **Cumulative Grade Point Average (GPA)**
   Students must attain a minimum cumulative GPA of 2.0. (Pratt Community College and transfer hours are considered.)

2. **Pace (Percentage of Completion)**
   Students must successfully complete 67% of all credit hours attempted as appearing on their official academic transcripts. This includes all enrollment periods whether or not financial aid was requested or received. The following grades do not affect the cumulative GPA, but will be counted as attempted (but not completed) credit hours: “I” (incomplete) or “W” (withdrawn). Self-paced courses that are not completed by the end of the semester in which the student enrolled will be recorded with a grade of “I” until the course is completed. An incomplete course may delay future federal financial aid disbursements until a final letter grade is posted. (Students who have not completed 67% or more credit hours for which aid was paid may become ineligible for financial aid.)

3. **Maximum Time Frame**
   The maximum time frame for students to complete their academic program may not exceed 150% of the published length of the program. For example, if the published length of the program is 64 credit hours, the maximum number of attempted credit hours may not exceed 96. After 83% of the published length of the program has been attempted (including Pratt Community College and all transfer credit hours from accredited institutions), students are no longer eligible for federal financial aid.

**Financial Aid Warning Status**
New Students entering into Pratt Community College for the first time will automatically be placed on “Warning” status for the first term. Students may continue to receive financial aid during the warning period.
However, students not making SAP at the end of the warning period will be ineligible for financial aid and placed on Suspension status. To attempt to regain eligibility, students will need to submit an SAP appeal.

**Financial Aid Suspension and Appeals**

Students may appeal their Suspension status by completing and submitting an [SAP appeal](#) to the Financial Aid Office. Forms are available online or in the Financial Aid Office and must be submitted with appropriate documentation. The student must meet with their Academic Advisor and outline all required courses that will be taken during the following semester. **Students are only allowed to appeal financial aid eligibility one time.** Once an appeal is reviewed by the SAP appeal committee, the decision or recommendation is final and the student will be notified via mail.

If the appeal is denied, the student must pay for educational costs until SAP standards are met. This denial takes precedence over any previous award notification the student may have received.

If the appeal is approved, the student’s federal financial aid eligibility will be reinstated and placed on a Probation status. To maintain eligibility, the Financial Aid Academic Plan conditions listed below must be met, but might also include additional conditions such as reducing the number of enrolled credit hours or working with a Student Success Advisor throughout the semester. If the conditions of the student’s appeal and Financial Aid Academic Plan requirements are not met during the following term, then the appeal becomes void and the student is placed on federal financial aid denial and may not submit another appeal.

**Financial Aid Academic Plan Status**

Financial Aid Academic Plan status is granted after students have had an SAP appeal or Educational Plan approved. Students on Financial Aid Academic Plan status are eligible and may continue to receive financial aid funding, as long as the following requirements are met:

1. Successfully follow the academic program plan created with the Academic Advisor up through the final semester listed in the student’s appeal and/or meet other conditions, if required, as stated in the approval letter.
2. Receive a minimum of a 2.0 (C) GPA average for all classes taken in each subsequent term.
3. Successfully complete at least 67% of all courses attempted during each subsequent term.
4. Do not drop all courses without a “W” and receive financial aid.

If a student does not satisfactorily complete the above criteria, the student will be placed on financial aid denial and will not receive any federal financial aid until SAP standards are attained. Students denied aid must take credit courses at their own expense until SAP standards are met. To remove Financial Aid Academic Plan status after an appeal is approved, the student must meet minimum GPA AND Pace standards AND have attempted less than 150% of the published length of his or her program.

**Educational Plan**

Students who are close to reaching their maximum time frame and are meeting all other SAP requirements may be notified by the Financial Aid Office to submit an Academic Plan. The Academic Plan is an option to avoid financial aid ineligibility due to the maximum time frame requirement. The Academic Plan will be reviewed by a committee, just like the SAP appeal.

**Grades for Financial Aid Calculation**

A grade for each student in each course will be given at the end of the semester according to the system described below:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Points per Semester Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A-</td>

<tr>

</tbody>
</table>
Repeating a Course
If the student needs to repeat any course, financial aid can count these courses towards enrollment and award Title IV funds to a student who is repeating, for the first time only (i.e., one repetition per class) a previously passed course. For this purpose, passed means any grade higher than an “F”, regardless of any school policy requiring a higher qualitative grade or measure to have been considered to have passed the course.

Notification of Awards
Notification of awards will be in the form of a tentative award letter mailed to the student as soon as awards are packaged by the Financial Aid Office. Contained in the letter will be further instructions and paperwork needed to finalize their aid for the year. Disbursement Notification letters will be mailed to students before their scheduled disbursement. For those students who have been awarded aid. Disbursement of financial aid will be made by the 60th day of the semester start. Aid is awarded for one academic year (summer, fall, spring). Students are able to fill out the FAFSA in October for the following school year.

Resident Assistants

Resident Assistants (RA) are peer leaders who live in your residence hall. They help create an environment that is conducive to academic, personal, and social growth. RAs plan social, academic, and cultural programs for residents that help enhance community development and personal growth. Your RA will get to know you on a personal basis and is aware of resources on campus that may help you succeed.

Custodial and Maintenance Staff

Take time to get to know your custodian and the maintenance staff as they are important to your community. Work order forms can be found next to your Residential Supervisor’s door. Repairs to plumbing, heating, and other maintenance concerns outside regular business hours (8:00 am - 5:00 pm) needs should be brought to the attention of the Residential Supervisor on duty and they will pass requests on to the maintenance department. Use of residence life facilities is a privilege and you, not the custodian, are responsible for cleaning up after yourself.

Pratt CC Security Department

During the academic year there is one or more security officers’ on-duty each evening. During that time officers make rounds to ensure the safety of the students and help students who have concerns, or complaints. The security department is located in the Benson Education Center office area 37. Students can contact the following security officers:

- Mario Tursini: 620.770.2461
- Scott Jackman: 620.672.1463

CONTRACTUAL CONDITIONS

Residence Requirement & Waiver Requirements

The Pratt Community College Board of Trustees policy mandates that all students receiving a books and tuition scholarship of $500 or more (12 credit hours or more) are required to live in a college residence hall. Those students on partial scholarships may be required to live in the residence halls according to the total scholarship dollars received.

Students may be exempt from being required to live in a college residence hall if they meet one of the following criteria:

1. Married
2. 21-years-old by December 31 of the current academic year
3. Live with parent(s) or legal guardian of legal age or other immediate family
4. Have an handicap that cannot be accommodated
5. Have lived in Pratt County a minimum of two years and established residency
6. Parent or guardian of a minor child
7. International, or Non-US resident student living with an approved host family. Note: an approved host family must complete the “PCC Host Family Agreement” form available in the Vice President of Students and Enrollment Management office. The form is required prior to an I-20 form being issued.

To apply for a waiver to the on campus housing requirement, students must complete a form declaring his/her intention to be released from the residence hall. The form can be found in the Vice President of Students and Enrollment Management office.
Annually, on July 15, the administration will determine if students receiving scholarship awards for the next year will be required to live in the residence halls. Waivers will be granted when the residence halls are full on a first come, first serve basis to those who have completed the correct paperwork.

**Live-on Requirements**

Students living in a residence hall must be enrolled as a student at Pratt Community College and must be at least, or will become 18 years of age during the current academic year. Residents that fall below a full-time course load (12 credit hours) must schedule a meeting with Director of Students & Residence Life to discuss their course schedule. Failure to do so may result in termination of your housing contract.

**Contractual Obligations**

Students may visit [http://prattcc.edu/HousingContract](http://prattcc.edu/HousingContract) to fill out a housing contract. The residence life contract is an annual agreement for that academic year which includes both the fall and spring semester.

A $200 deposit is required of every student moving into the residence halls. This deposit must be paid in order to reserve a room, along with completing a residence life contract, and health and personal information cards. A $10 fee, which is nonrefundable, will be used for hall programming. The remaining deposit balance is refundable if the following conditions are met:

1. There is no damage
2. The room is clean at check-out
3. Proper checkout procedure is followed
4. There are no unpaid balances owed to the college

Deposits are not to be used prior to checkout time to pay for damages, lost keys, etc. They will be refunded at the year’s end. The student will be responsible for the cost of repair or replacement in the case of damage to college property. The deposits of students returning to campus housing will roll over to the following year, and returning students will owe an additional $10 to replenish the non-refundable yearly programming fee.

**Termination of Contract**

A student may cancel the residence hall contract by giving written notice to the Director of Students & Residence Life. A penalty may be assessed as indicated below. Pratt CC reserves the right to cancel this contract under any of the conditions described herein. Any refunds of payments will be made in accordance with the provisions of this contract.

Students who notify the Director of Students & Residence Life in writing, postmarked on or before July 13th (December 1st for new spring contracts) of their intention to cancel their contract will receive a 100% housing refund on the room deposit.

Students who cancel their contract after July 13th (December 1st for new spring contracts) prior to check-in will receive a 50% refund. Students who cancel their contract after move-in day will forfeit their $200 deposit.

Students who are dismissed from a residence hall for disciplinary reasons will forfeit their $200 deposit. Pratt CC may terminate this contract, if in the opinion of the Director of Students & Residence Life, the room or the residence hall become untenable because of damage or destruction by fire, or other casualty. In such case the resident will be charged room and board fees for weeks in residence.
Pratt CC will waive the breaking fee if a student is graduating at the end of the fall semester. If a student cannot fulfill this contract, due to unforeseen circumstances, they are asked to provide written explanation of their situation to the Vice President of Students and Enrollment Management. This situation will be taken into consideration and a determination will be made. The breaking fee will not be assessed for loss of residence due to natural causes (fire, flood, and windstorm).

**Room Change Policy**

Every attempt is made to honor requests for room and roommates from all applicants and assignments will be made by the Director of Students & Residence Life.

A resident will have the opportunity to request a room change three times in the fall (Week 3, Week 8, Finals Week), and twice in the spring semester (Week 3, Week 8). To request a room change residents will need to fill out a request form found in the residence life office. The request form will be due the Friday before room changes take place by 5:00 pm. Email reminders and flyers will be posted when the request form is available.

Students who request room changes will be notified by email with instructions on completing the room change. Any move without approval is subject to judicial action and possible financial sanctions. The resident will also be asked to move back to his/her original room if approval was not granted.

All efforts will be made to mediate roommate conflicts before room changes occur. Residents must approach a member of the residence life team when conflicts arise.

**Single Room and Room Consolidations**

The Director of Students & Residence Life reserves the right to reassign and/or consolidate occupancy of rooms at any time. Whenever possible, residents are offered the opportunity to purchase their room as a single if a space exists at a charge of $500 per semester. If several spaces exist and rooms aren’t purchased as singles, consolidation of spaces is done by staff.

**Vacations and Hall Closures**

With those exceptions involving mandatory participation in regularly scheduled school activities, or circumstances approved by the Director of Students & Residence Life, no one will be allowed to reside in the residence halls during the holiday break (December 15th-January 7th). The halls will be open during Thanksgiving and Spring Break. Those remaining on campus during these breaks will be asked to fill out a request form in the residence life office. This will assist the residence life and security staff to keep buildings secure and students safe.

During finals week of both semesters students need to check out within 24 hours of their last final or the time/date designated by the Director of Students & Residence Life. Spring semester, all students must be out by 5:00 pm on Friday unless they are graduating or assisting with graduation.

**Checking Out of Residence Halls**

Any student moving out of the residence halls must use the following checkout procedures. You must sign-up for a check-out time with a resident assistant in your building. Sign-up sheets can be found on each of their doors.

When a resident assistant shows up to check you out your room must be clean which includes:
1. Dusting desk, dresser, and shelves
2. Taking out any trash in the room
3. Removing tape or other foreign substances from wall
4. Vacuuming or sweeping floor (including under the bed)
5. Wiping down the bathroom, cabinets, and sink
6. Clean out fridge, wipe down countertops and cabinets- Woj only
7. Remove all personal items from room and hall

The resident assistant will review the room condition report with you, get your signature on the form, and collect your key and key card.

Failing to check-out properly will result in an automatic $50 charge on your student account.

**Summer Housing**

The cost for summer housing is available on the Pratt CC website, or from the Director of Students & Residence Life. A $200 deposit is required with this contract, unless a current housing contract & deposit is on file.

**Room Entry by Staff**

Pratt CC reserves the right for authorized personnel to enter a student’s room as per college policy 600-12. College policies can be available online at [www.prattcc.edu](http://www.prattcc.edu).

Inspections are conducted regularly to protect and maintain the property of college, ensure the health and safety of its students, or whenever necessary to aid in the basic responsibility of the college regarding discipline and maintenance of an educational atmosphere. In such cases, effort will be made to notify the resident(s) in advance and to have resident(s) present at the time of entry.

**LIVING IN A COMMUNITY**

**Getting to Know your Roommate**

Having a roommate can be one of your best experiences of college life. How you approach it will determine whether or not you have a positive roommate experience. Your willingness to share, communicate, and work through conflicts will play a big part. With care and energy, you can work out a good living situation with a degree of friendship.

The following is the Roommate Bill of Rights:

1. The right to read and study free from undue interference in one’s room. Unreasonable noise and other distractions inhibit the exercise of this right
2. The right to sleep without undue disturbance from noise, guests of roommate, etc.
3. The right to expect that a roommate will respect one’s personal belongings
4. The right to a clean environment in which to live
5. The right to free access to one’s room and facilities without pressure from a roommate
6. The right to personal privacy
7. The right to host guests that respect the rights of the host’s roommate and other hall residents
8. The right to talk through conflict and concerns. Residence hall staff is available for assistance in settling conflicts
9. The right to be free from fear of intimidation, physical, and/or emotional harm

**Knowing what you Need**

Working through these questions will help create a positive roommate relationship.

**Cleaning:**
1. How neat and clean are you used to keeping your room?
2. How will housekeeping duties be shared?
3. How would you like the room arranged and decorated?

**Borrowing:**
1. Will you share food and drink costs?
2. Do you mind if guests use items in the room?
3. Do you prefer to be asked before someone borrows something?
4. What items are you comfortable sharing and would you prefer that they not be borrowed or used?

**Study Time:**
1. What time do you typically study?
2. Can you study with the TV or radio on? With visitors in the room?

**Sleeping:**
1. What time do you typically go to bed and get up in the morning?
2. Are you a heavy or light sleeper?
3. Can you sleep with the TV or radio on? With visitors in the room?

**Guests:**
1. When can guests be in the room?
2. Can guests spend the night?

**Roommate Agreement**

Use the answers to the above questions to help you create a roommate agreement. Roommate agreements can be picked up from the residence life office, or your RA. This agreement will help you set ground rules and start you on the right path to have an enjoyable roommate experience.

When creating the agreement:

1. Take time to address all of the areas of the agreement
2. Make sure there is nothing you are missing or nothing you do not agree with
3. Talk with your RA about your agreement

If problems arise you will be able to renegotiate your roommate agreement. When renegotiating your agreement try to avoid blame and accusations. If a solution cannot be reached, the next step is to ask an RA for help.

**Getting Involved**

Each month the Student Life department will provide several activities for you to attend and get involved with. At the beginning of each month a student activities calendar will be put under your residence hall room door. This will notify you of all activities, student organization events, and athletic games taking place for the month.
Be sure to download the Beaver Nation app! You can find an updated schedule of all student activities and win prizes for attending! More information can be found in the student life office.

Pratt CC is proud to offer many diverse involvement opportunities in several student organizations. For a full list of student organization and contact information visit: http://prattcc.edu/student-life/clubs-and-organizations.

Each month your resident assistant will put on a program geared to your community and their interests. This is a great way to get out and meet those who live around you. If you have a program idea please let your RA know.

The Pratt CC Residence Hall Association (RHA) is a great way to get involved in the residence life department. RHA is tasked with putting on large-scale events for the residence life community. They also provide feedback to staff and take on projects to improve the residence hall facilities. Information about executive officer positions and building representatives will be available in the residence life office. Nomination and elections for positions take place in the fall semester.

Use of college computer equipment, or software for commercial applications is prohibited. All computer use is subject to review by the administration. Users of campus resources must comply with federal and state laws, campus policies, and the terms of applicable contracts including software licenses while using campus computing resources.

Users, including residence halls students, are not to attempt to implement their own network infrastructure. This includes network devices such as hubs, switches, routers, network firewalls, and wireless access points. Users shall not utilize any alternative methods of access to PCC computing resources, such as modems, or VPN’s. Users are not to offer network services such as DHCP and DNS. Back-up data will be maintained for a period up to two years.

Users, including residence hall students, who violate this policy may be denied access to campus computing resources and may be subject to other penalties and disciplinary action, including expulsion, dismissal, or termination. Alleged violations will be handled through the campus disciplinary procedures applicable to the user. Personal belongings of guests amounting to more than one overnight bag may be cause to discuss cohabitation.
Pets

Students are not allowed to have pets (unless they meet the qualifications of the policy below) on campus both indoors and outdoors with the exception of fish in tanks no larger than five gallons. Students violating this policy will be sanctioned (see sanctions and fines) through the conduct process.

Pets/Animal and College Facilities

This procedure addresses the guidelines and responsibilities for individuals requesting a pet/animal in college facilities. Pets/animals are prohibited from all college facilities except for:

1. Animals used for teaching, or competition with prior approval of Vice President of Instruction, or Athletic Director.
2. Service animals assisting an individual with a disability.
3. Residential Supervisors are permitted to have a pet in their respective apartments.

The purpose of this procedure is to provide guidelines for students requesting permission to have a pet/animal in college facilities. Employees requesting a disability accommodation of a service animal must contact the Director of Personnel.

Definitions:

Federal regulations define a “service animal” as “dogs that are individually trained to do work or perform tasks for people with disabilities.” A service animal is permitted to be in a college facility, unless the animal’s behavior necessitates removal. Service animals must be harnessed, leashed, or tethered, unless these devices interfere with the service animal’s work or the individual’s disability prevents using these devices. Service animals are working animals, not pets. The work or task a dog has been trained to provide must be directly related to the person’s disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals under the Americans with Disabilities Act (ADA).

Procedure:

Pratt Community College is committed to comply with state and federal laws regarding individuals with disabilities. A special accommodation request is made through the Student Success Center (SSC) and the required documentation must be provided. A Student Success Team (SST) will review each student’s documentation and request for special accommodations. The SST will approve or deny accommodations for each student requesting services and notify the student in writing.

A service animal may be permitted in a college housing facility as a reasonable accommodation only if approved by the Student Success Team and based on the following:

- The student has a documented disability;
- Required documentation is provided, as requested by the Student Success Center;
- The animal is a service animal;
- A signed letter on professional letterhead from a licensed physician, psychiatrist, social worker or mental health professional that states:
  - The nature of the disabling condition or impairment.

Upon approval of special accommodations by the SST, a student who desires to have a service animal in college housing must submit the appropriate residence hall application paperwork and $200 deposit required of all students. Availability of campus housing is not guaranteed as campus housing is available on a
first-come, first serve basis to all students upon submission of the required application paperwork and $200 deposit.

A service animal will not be permitted in a college facility if the animal:
- Poses a direct threat to the health and safety of others;
- Causes substantial physical damage to the property of others;
- Poses an undue financial or administrative burden; or
- Fundamentally alters the nature of college operations.

A service animal that is disruptive, or that is not housebroken, will not be permitted in college facilities. Disruptive behavior includes, but is not limited to, barking, jumping on individuals, growling at individuals, or the owner’s failure to have the animal on a leash when in common/shared areas of the college campus.

A student who is permitted to have a service animal in a college facility is financially responsible for any property damage caused by the animal. The student is responsible for the care of a service animal, and for cleaning up any waste created by the animal.

Propping of Doors

The outside residence hall doors must not be propped open at any time to ensure the safety and security of the residence hall. If you see a door propped open please close it immediately.

Quiet Hours

Quiet hours are enforced from 10:00 pm to 8:00 am Sunday through Thursday. Quiet hours run Midnight to 8:00 am Friday and Saturday. During quiet hours, residents’ exterior room doors should be closed. The volume of any noisemaking device or instrument should be kept at a low level. There are also 24-hour courtesy quiet hours in the residence halls. This means stereos, radios, TVs, musical instruments, and all conversations must be kept to levels that will not interfere with the study or sleep of other residents. During finals week, quiet hours will be 24 hours a day, beginning 6:00 pm the Friday before finals.

Any damages that occur to the room because of room personalization will be charged upon checking out of the residence hall.

Solicitation

Door-to-door solicitation is not allowed in the residence halls. This includes the solicitation of goods, services, and ideas. Students should immediately contact Residence Life staff if solicitors are in the residence halls.

Using devices and/or products, as well as actions that give the appearance of tobacco use is prohibited.

Visitation/Escort Policy

Visitation is allowed 24 hours a day/7 days a week; however, the right of a resident to live in reasonable privacy takes precedence over the right to entertain guests within the residential facilities (This policy will be piloted for 2018-2019 academic year. If at any time during the year there are incidents or actions which jeopardizes the safety, security or well-being of the residents and/or interfere negatively with operations because of the new policy hours you will be notified of a policy change and we will return to visitation hours). Overnight guests may stay for no longer than three consecutive nights or eight total nights per month, regardless of room, unless special permission is granted in advance by the Director of Students & Residence Life.

Any resident of the room has the right to ask a visitor or guest to leave. If the request is not granted it is the right of the resident to contact the residence supervisor. In addition any resident has the right to file an official complaint detailing their roommates’ abuse of the visitation or cohabitation policy. Each complaint will be dealt with by the Director of Students & Residence Life. After two complaints the resident in question may have their guest privileges restricted.

A resident must accompany all guests at all times in public space and are required to be in possession of a form of identification at all times while in the residential facilities. Unescorted guests will be required to leave the hall.

Residents are responsible for the actions of their guests and staff may ask a visitor to leave if the guest is violating policies or creating a disturbance. The resident will be held responsible for any violations or disturbances that his/her guest(s) cause. Guest privileges, of the host resident or guest, may be restricted or revoked for failure to abide by expectations.

Open carry of firearms and possession of weapons other than concealed handguns shall be prohibited inside buildings on campus, while concealed carry of handguns is permitted inside buildings on campus, subject to the rules stated in this policy. All weapons are prohibited at all off-campus PCC sponsored or supervised activities, except that, as required by law, PCC does not prohibit employees, who are legally qualified, from carrying a concealed handgun while engaged in the duties of their employment outside of PCC’s place of business, including while in a means of conveyance.

Nothing in this policy shall be read to prohibit possession of weapons on campus as necessary for the conduct of Board-approved academic programs or PCC-approved activities or practices with the advance written approval of the PCC president, or by PCC security personnel while acting within the scope of their employment.

It shall be a violation of Board and PCC policy to openly display any lawfully possessed concealed carry handgun while inside buildings on campus, except as provided herein.

Prohibitions Based on State Law

Beginning July 1, 2017, any individual who is 21 years of age or older and who is lawfully eligible to carry a concealed handgun in Kansas shall not be precluded from doing so on campus except in PCC buildings and areas of buildings for which adequate security measures are provided, and except as otherwise prohibited by law.

Regardless whether the individual is otherwise lawfully eligible to carry a concealed handgun, the following restrictions apply to the carrying of a firearm by Kansas law, and the violation of any of the following restrictions is a crime under Kansas law and a violation of this policy:
1. An individual in possession of a concealed firearm must be at least 21 years of age [K.S.A. 21-6302(a)(4)];
2. a firearm cannot be carried by an individual under the influence of alcohol or drugs, or both, to such a degree as to render the individual incapable of safely operating the firearm [K.S.A. 21-6332];
3. a firearm cannot be carried by an individual who is both addicted to and an unlawful user of a controlled substance [K.S.A 21-6301(a)(10)];

10. firearms cannot be fired in the corporate limits of a city or at a dwelling, or at a structure or vehicle in which people are present, except in self-defense [K.S.A. 21-6308, 6308a].

It shall also be a violation of this policy to otherwise possess, store, transport, trade, sell, or in any other way use a firearm in violation of any applicable law.

**Carrying and Storing Handguns**

Each individual who lawfully possesses a handgun on campus shall be wholly and solely responsible for carrying, storing and using that handgun in a safe manner and in accordance with the law, Board policy and PCC policy. Nothing in this policy shall be interpreted to require individuals who lawfully possess a handgun to use it in defense of others.

Beginning July 1, 2017, each individual who lawfully possesses a concealed handgun on campus shall at all times have that handgun in their custody and control, and shall either:

1. carry it concealed on or about their person in a manner that complies with this policy, or;
2. keep it stored in any secure storage location provided PCC specifically for that purpose, at their residence, or their privately-owned or leased vehicle.

Individuals who carry a handgun inside buildings on campus must carry it concealed on or about their person at all times. With respect to this policy, “concealed” mean completely hidden from view and does not reveal the weapon in any way, shape, or form. “About” the person means that an individual may carry a handgun if it can be carried securely in a suitable carrier, such as a backpack, purse, handbag, or other personal carrier designed and intended for the carrying of an individual’s personal items.

Moreover, the carrier must at all times remain within the exclusive and uninterrupted control of the individual. This includes wearing the carrier with one or more straps consistent with the carrier’s design, carrying or holding the carrier, or setting the carrier next to or within the immediate reach of the individual. Except in those instances where necessary for self-defense or transferring to safe storage and except as otherwise provided in this policy, it shall be a violation of Board and PCC policy to openly display any lawfully possessed concealed carry handgun while on campus.

Every handgun carried by an individual, whether on their person or in a carrier, must be secured in a holster that completely covers the trigger and the entire trigger guard area and that secures any external hammer in an uncocked position. The handgun must be secured in the holster with a strap or by other mean of retention.
The holster must have sufficient tension or grip on the handgun to retain it in the holster even when subjected to unexpected jostling. Handguns with an external safety must be carried without a chambered round of ammunition. Revolvers must be carried with the hammer resting on an empty chamber.

Handguns shall not be stored:
1. in any PCC classroom, lab, office, or facility;
2. in an on-campus residential unit, except in the on-campus residential unit of the individual who is at least 21 years of age, who legally owns the handgun, and when the handgun is secured in a holster in an approved storage device;
3. in any non-privately owned or leased motor vehicle; or,
4. in any other location and under any circumstances except as specifically permitted by this policy and by state and federal law.

Handguns may be stored:
1. in an individual’s privately-owned or leased motor vehicle when the vehicle is locked (if unattended) and the handgun is secured in a location within the vehicle that is not visible from outside the vehicle; or,
2. in the on-campus residential unit of the individual who is at least 21 years of age, who approved storage device. Handgun storage by any other means than specifically permitted in this policy is prohibited.

For any on-campus residential unit that does not have adequate security measures, each resident who lawfully possesses a handgun on campus and elects to store the handgun they possess in the room to which they are assigned when not carrying it on their person in a concealed fashion shall secure the handgun in a secure storage device that conceals the gun from view. Such storage devices shall be provided by the individual who possesses the handgun and must meet minimum industry standards for safe-keeping of handguns.

PCC does not provide approved handgun storage devices to any person under any circumstances. Each individual who stores a handgun in an on-campus residence must provide their own approved storage device. An approved storage device has each of these characteristics:
1. it is of sufficient size to fully enclose the handgun while secured in an approved holster;
2. it is constructed of study materials that are non-flammable;
3. it has a combination, digital, or other secure locking device that can only be unlocked by the individual using the storage device, but devices secured exclusively with a key lock are prohibited; and,
4. the device is constructed specifically for the storage of a handgun and/or ammunition. All ammunition stored in an on-campus residence must be stored in an approved storage device.

A receipt will be issued by the Business Office upon payment and a copy of the receipt given to the Director of Students & Residence Life. For every day the payment is late, $1.00 will be added to the charge. If the balance and late charges are not paid in full by the end of the semester in which the charge was issued, grades will be held and it may result in termination of residence in the residence hall. **Policies and Procedures**

**Notice of Non-Discrimination**
Pratt Community College does not discriminate on the basis of race, color, national origin, sex, disability, age or veteran status in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Director of Personnel, Pratt Community College, 348 NE SR 61, Pratt, Kansas 67124, 620.672.5641.

**Privacy and Educational Rights**
It is the policy of Pratt Community College to comply with all valid, applicable regulations of the Family Educational Rights and Privacy Act (FERPA) of 1974 as amended and as administered and enforced by the Department of Education. Inquiries regarding this policy and its provisions should be directed to the Vice President of Students/Enrollment Management. All students who officially enroll in PCC are expected to be familiar with the rules and regulations of the college and with the official college publications (the College Catalog and Student Handbook) which contain such rules and regulations.

The college will from time to time throughout the academic year publish personal data concerning students. Such publications may include: honor rolls, personal data for scholarships, athletic events, student directory, job
placement, news releases, and academic standings sent to other institutions and social media sites. PCC may provide the following information: name, address, email address, telephone number, date and place of birth, major, participation in officially recognized events, parents’ names, sports weight and height of an athletic team member, date of attendance, degrees, awards received, most recent previous educational institution attended, and full or part-time status.

PCC also reserves the right to use photographs of students in publications, on social media and on the website for promotional and college relations purposes.

PCC reserves the right to contact emergency contact or parent in the case of an emergency and/or incident which impedes operations. PCC also reserves the right to contact law enforcement and/or emergency services when a student is violating the law and/or if their healthy safety is in jeopardy.

All students enrolling in PCC shall be deemed to have agreed to the publication of personal data as indicated above unless a disclaimer is filed with the Vice President of Students/Enrollment Management by the 10th day of the semester in which the initial enrollment is made. The students of PCC have certain rights concerning access to educational records. This includes rights regarding limitations or disclosures of record information, the opportunity to challenge the content of educational records, and provisions for filing a complaint with the Department of Education. The law requires educational institutions such as PCC to:

- Provide eligible students the opportunity to inspect student educational records. This process can be completed by filing a written request with the Office of the Registrar.
- Provide opportunities for a hearing to challenge the content of the student’s educational record when it is believed to contain information that is inaccurate, misleading, or in violation of the student’s right to privacy.
- Limit the disclosure of information from the student’s records to those who have the consent of the student, to officials specifically permitted within the law such as PCC officials, and under certain conditions and for specific purposes to parents, local, state and federal officials. Eligible students may file a complaint with the Department of Education if they believe their rights under this law have been violated and efforts to resolve the situation through PCC appeal channels have not proved satisfactory.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. In relation to postsecondary institutions, prior consent is not required to disclose personally identifiable information:

- To a school official who has a legitimate educational interest
- To schools in which a student’s seeks or intends to enroll (the institution must make an attempt to notify the student that records are being provided)
- To Federal, State and local authorities involving an audit or evaluation of compliance with education programs
- In connection with financial aid (such as the administration and continuation of aid)
- To individuals or organizations conducting studies for or on behalf of an educational institution
- To regional or professional accreditation organizations
- To parents of a dependent student
- To comply with a judicial order or subpoena (a reasonable effort must be made to notify the student beforehand – unless ordered by the subpoena not to)
  In the event of a health or safety emergency where the information is required to resolve the emergency
- That is considered directory information, so long as the student has not requested nondisclosure of this information
- To the student
- That is the result of a disciplinary hearing where the student is the perpetrator of a crime of violence or a non-forcible sex offense (Under this exception, information may be released to anyone, including the media. No information on the victim or witnesses may be released.)
- Of a student under the age of 21 who has committed a drug or alcohol related offense (e.g. reporting the offense to the parents of the student.)
Family Policy Compliance Office (FPCO)
The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are “eligible students.”

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
  - School officials with legitimate educational interest;
  - Other schools to which a student is transferring;
  - Specified officials for audit or evaluation purposes;
  - Appropriate parties in connection with financial aid to a student;
  - Organizations conducting certain studies for or on behalf of the school;
  - Accrediting organizations;
  - To comply with a judicial order or lawfully issued subpoena;
  - Appropriate officials in cases of health and safety emergencies; and
  - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, “directory” information such as a student’s name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

PCC complies with both the letter and spirit of the Americans with Disabilities Act and is committed to providing public access to the facilities and to provide opportunities to qualified persons with disabilities in employment and access to education where this will not pose an undue burden or fundamentally alter the programs of the institution. The Director of Personnel and the Vice President of Finance & Operations have been appointed
ADA Coordinators. Any access requirements or problems should be coordinated through one of the ADA coordinators.

**Campus Crime Summary**
A campus crime summary report is available online at www.prattcc.edu under “HLC/PCC Federal Compliance”

**Parking Policies and Procedures**
Parking is not permitted in front of the loading dock of the Student Conference Center. Parking not to exceed 10 minutes is permitted in the circular drive. The parking lot north of Stanion Field is open parking for faculty, staff, students, or visitors on a first come, first serve basis.

Parking policies are enforced with parking tickets that carry a fine of at least $35. Any vehicle receiving more than five parking violations will be impounded. Citations are given for parking in designated handicap spaces in designated fire lanes next to large trash dumpsters in the loading zone or staff parking near the Learning Center over the line or taking up more than one space on the grass between the vocational buildings in college vehicle parking in residence hall staff parking in visitor spaces.

If two tickets are received, the vehicle will no longer be allowed to park on campus.

**Harassment and Discrimination Policy**
Pratt Community College is committed to providing a learning and working environment that is free from all forms of discrimination and conduct that can be considered harassing, coercive, or disruptive, including sexual harassment.

Harassment is verbal or physical conduct that denigrates or shows hostility or aversion to a person’s race, color, gender, age, sexual orientation, religion, disability, national origin, political affiliation, veteran status, or other characteristic recognized by that person as important to his/her culture or lifestyle. It is harassment if the conduct includes one or more of the following:

- Has the purpose or effect of creating an intimidating, hostile, or offensive working or learning environment.
- Has the purpose or effect of unreasonably interfering with an individual’s work or study performance
- Otherwise adversely affects an individual’s employment or educational opportunities.

Sexual harassment is defined as any unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment.
- Submission to or rejection of such conduct is used as the basis for employment decisions affecting that individual.
- Such conduct has the purpose or effect of unreasonably interfering with an individual’s work performance or educational experience or creates an intimidating, hostile or offensive work or educational environment.

A college is a community of learners where strong emphasis is placed on self-awareness and consideration for the lives and feelings of others. While an atmosphere for freedom of expression exists, it must always be in conjunction with a responsibility to observe the rights of one another. In such a setting, there is no place for conduct that diminishes, uses, or abuses another person. For these reasons, harassment of any kind is unacceptable at Pratt Community College.

Anyone who believes that he or she has been the object of sexual harassment should advise the division vice president or the personnel director. Informal procedures exist for dealing with the problem. If appropriate, an attempt will be made to resolve the problem through informal procedures. These discussions will be handled in
a professional manner. No formal action on the alleged charge will be taken unless initiated by the complainant.

If informal efforts are unsuccessful, formal procedures exist which allow both parties an opportunity to pursue a resolution. Investigation of a complaint will be conducted in an expeditious manner, assuring release of information only on a need-to-know basis consistent with principles of due process and fundamental fairness as follows:

- The complaint must be in writing with sufficient specificity.
- A person bringing a complaint founded in good faith will suffer no retaliation.
- The person charged will be promptly notified and given an opportunity to respond.

Any individual will have up to 90 days after the alleged occurrence to file a complaint. A lengthy period of time between an alleged occurrence and an investigation make finding facts difficult or impossible.

If a complaint is found to be valid, the appropriate disciplinary action will be instituted up to and including termination or dismissal, consistent with the degree of seriousness. Discipline or dismissal of a faculty member will follow the procedures outlined in the current collective bargaining agreement.

Sexual harassment in the workplace is prohibited under Title VII of the Civil Rights Act of 1964. Guidelines were issued by the Equal Employment Opportunity Commission in 1980 incorporating sexual harassment in the workplace as a violation of Title VII. Under Title IX of the Educational Amendments Act of 1972, as clarified by the Civil Rights Restoration Act of 1988, sex may not be a basis for exclusion from participation, denial of benefits, or discrimination in any education program or activity.

The failure of managers, supervisors, and others in authority to remedy discriminatory harassment violates institutional policy.

**Campus Security**

The mission of PCC’s security department is to help provide and maintain an atmosphere that compliments the educational process and fulfills the total mission including the following:

- Maintaining a caring and helpful attitude among all security personnel as they address the needs of the students, visitors and faculty.
- Continuous patrol coverage to spot any suspicious activity or suspicious person on campus.
- Enforcing all college rules and regulations and keeping all campus thoroughfares and parking lots unobstructed.
- Providing or limiting daily access to the campus facilities.

Security personnel are responsible for reporting any safety or security discrepancies found on college property. Depending on the nature of the incident, local authorities are notified. All students and employees are encouraged to report any safety or security problems that may arise. Incident reports are to be filed with the Vice President of Finance and Operations.

Security officers are equipped with mobile phones allowing direct communication with the Pratt Police Department if the need should arise for local police intervention. In the event of a major crime, notify the local police by calling 911, call the campus switchboard operator at 672-5641 or campus security at numbers posted around campus. In the event a perpetrator of a violent crime is subject to discipline by the college, the victim of the crime shall, at the discretion of the President of PCC and the Vice President of Finance and Operations, be permitted to obtain the results of that disciplinary proceeding.

**Security Compliance**

Students who refuse to surrender their ID cards to housing or security personnel, fail to obey instructions of college officials or flee from college officials will be subject to disciplinary sanctions imposed by the Vice President of Students / Enrollment Management.

Institutions may disclose this information to parents “without regard to whether the student is a dependent.” As stated in the regulation, colleges are not required to alert students when parents have been notified, but are required to maintain a record of the disclosure to the parent and provide it to the student at their request.

STUDENT DISCIPLINARY & DUE PROCESS

Disciplinary Process
The rights of the individual at PCC deserve the respect and protection of the administrators, faculty and staff. To assure the fair treatment of each individual, rules of disciplinary process have been developed and are in effect. The main objectives of the disciplinary process are to protect members of the campus community from harm due to the indiscretion of those on campus who are unable or unwilling to respect the rights of others and to assure students the right of due process if they have been charged with violating college rules and regulations.

Educational Sanctions
Besides the sanctions of written warning and probation, educational sanctions and possible community or campus service may also be required.

Student Due Process Procedures
The Board of Trustees, administration, and faculty recognize the right of a PCC student, as an adult member of society and as a citizen of the United States of America, to the constitutionally guaranteed freedoms of speech, assembly, and peaceful association, which shall be diligently protected. PCC will guard these rights in behalf of all persons associated with the institution or group.

If disciplinary action against a PCC student is initiated, a speedy and fair hearing before the appropriate college official, committee, or both is guaranteed. Decisions of officials and committees charged with disciplinary responsibilities may be appealed through the appropriate process and channel to the President of the College, who may elect to either render a direct decision or refer the case to a disciplinary panel. The decision of the President, regarding such matters, will be final.

PCC students have four opportunities for due process relating to:
- Athletics
- Academics
- Residence hall infractions
