

Associate of General Studies 2026-2027

This is a suggested sequence of classes based on the average student load and course prerequisites. Not all courses are offered every semester. For specific discipline electives, please refer to the page labeled “Systemwide General Education Program” following the degree requirements in the PCC Catalog. Refer to bottom of this page for “AGS Institutionally Designated” options. Milestones, courses, and special requirements necessary for timely progress toward degree completion are designated to keep students on track to graduate in two years. Missing any of these could delay degree completion. Students should consult with their advisor for more information.
