Tutors will assist students, but they will not do homework or proofread papers. Students wishing to work with a tutor simply need to drop in for assistance when the appropriate tutor is scheduled to work. Tutors for other subjects may be added as needed and as funding allows. Updated schedules are available across campus. Cell phones should not be used in the Tutoring Center. No tutoring during the week of finals. Please contact Monette DePew in Office 41 for additional help or information.
