

EXCEL IN CTE Secondary/Postsecondary Career Technical Education Initiative

In January 2012, Governor Brownback announced a bold and innovative plan to enhance career technical education in Kansas and better prepare high school students for college and careers. The legislature responded with Senate Bill 155 (now called Excel in CTE) which provides new state dollars to pay college tuition for high school students earning college credits in technical courses and at the same time, earn an industry credential valued by employers. The free college tuition applies to any and all technical courses in approved programs at public community and technical colleges. *****Special Fees may apply to some courses.** Please contact the Coordinator of CTE/HS College Start Programs at (620) 450-2222 for more details.
